

CITB Directors Role for Health and Safety (1 Day)

Who is the course for?

This one-day interactive course has been designed for company directors with the aim of recognising the human and financial implications of health and safety legislation non-compliance.

Overview

The course will provide a summary of how to promote a positive organisational culture for health and safety. Workshop exercises throughout the day will give delegates the opportunity to discuss their thoughts about health and safety and their responsibilities in an open forum.

This course is endorsed by Build UK as the standard training for all senior managers and company directors.

At the end of the course you will be able to

- recognise the moral, economic and legal costs/implications of decisions made in the boardroom that make their business liable
- understand the importance of strategic management of risks
- appreciate the consequences of failing to manage health and safety effectively
- understand the importance of competent duty holders cooperating, communicating and coordinating health and safety throughout the whole project
- recognise the need to appoint competent health and safety assistance and the limitations of such an appointment
- identify the basic tools for introducing a proactive health and safety culture into their organization

Directors Role for Health & Safety

CITB Health & Safety Awareness Course (1 day)

Who is the course for?

This Site Safety Plus course is for you if you're considering, or already, working within the construction and civil engineering industry. This is the CITB course necessary to obtain the CSCS Green Site Labourers card.

Please note:

In order to gain the Green CSCS Card, delegates will also be required to complete the Health, Safety & Environmental (Operatives) Touch Screen Test.

Overview

This course highlights potential hazards when working on site and provides practical advice on keeping yourself and your colleagues safe. It covers your individual and employer's responsibilities, including what you can do if you think anyone's health and safety is being put at risk. This course provides health and safety awareness and is endorsed by Build UK as standard training for all operatives on site.

At the end of the course you will have an understanding of:

- the need to prevent accidents
- health and safety law
- how your role fits into the control and management of the site
- risk assessments and method statements
- performing safely and asking for advice
- how to report unsafe acts to prevent an accident

Completion of the course:

Candidates will take a short-written test and will receive a course booklet summarising the topics covered. Candidates will receive a CITB certificate of attendance.

Fees

£145 + VAT per person (Course Only)
£175 + VAT per person
Course plus HS&E computer test)

* Only available at our Cannock Training centre

* Following successful completion of the course & HS&E test delegates can apply for the 5 Year CSCS Green labourer license. A fee of £36 will apply for the license application payable directly to CSCS
